

We are stronger together

WHY IS IT IMPORTANT TO PROTECT YOUR ORGANIZATION

42%

Global increase in cyber-attacks in 2022 (BCS)

\$3.79M

Average cost from a data breach in the education sector (IBM)

28%

Average Increase in cyber insurance premiums in 2022 (CNBC)

SUPPORTING YOU 24x7x365

Cybersecurity is vital to the protection of your students and staff. As an extension of your team, our **Education Security Operations Center (EdSOC)**, assists education organizations with collaborating to protect people, data, and infrastructure.

BALANCE

Combining cybersecurity expertise with education context.

RESPONSE

100% of security events are responded to in an average of **1.79 minutes**, 24x7x365.

ACTION

We remove excess noise to help identify and prioritize response for the alerts that really matter.

WHY CHOOSE EdSOC

OTHER PROVIDERS

VS

EdSOC

Isolated cybersecurity solution

Collective group cybersecurity

Technology restricted

Technology neutral

Forced to use proprietary technology

Collaborative design & execution

No customization/one size fits all

Client-specific incident response

Lack of tactical information sharing

Real time data share & threat hunting

No collaboration with use case development

Collaborative use case development

No customizations with runbooks

Customized runbook implementation

Multiple / inconsistent contacts

Single point of contact
