Safety and rideshare

Zūm

- Zum is a school transportation service helps manage all aspects of operations to make it easy for drivers and operators to focus on what matters most: safe, efficient, and sustainable transportation. Deploying fleets of multi-size vehicles that include EVs.
- Nexar provides dash cams to their fleet allowing visual monitoring of the rides. Zum has access to accidents and notifications about incidents that occur during rides.

Safety and rideshare

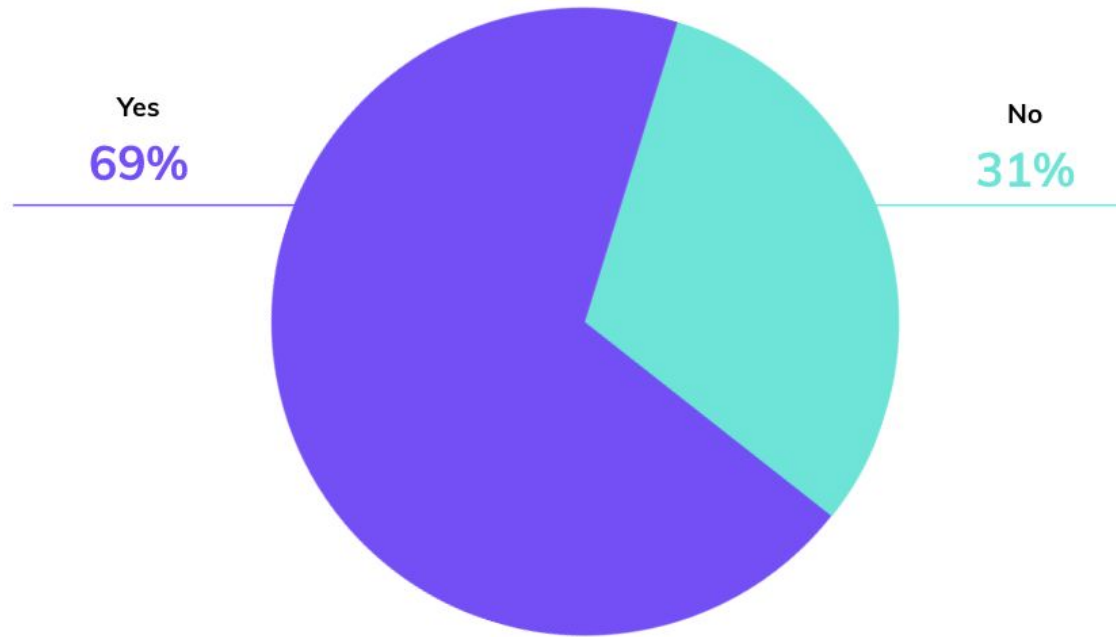

- The Blackcar Fund is a non-profit organization aiming to protect for-hire drivers in New York. They have over 100,000 members enrolled in making rideshare rides safer.
- Nexar provides discounts for The Blackcar Fund rideshare drivers. The goal of this is to provide fast video evidence in cases of incidents and avoiding fraudulent claims.

Safety and rideshare

Uber

- In a survey of over 6,000 Uber drivers Nexar was polled as the most popular dash cam.
- Our cameras come standard with awareness stickers letting riders and drivers know that they are being recorded
- Nexar and Uber are engaged in several cross marketing promotions, one can be seen here at <https://www.getnexar.com/uber-pnw/>

Do you prefer Nexar to other dash cam brands?

Nexar Fleets, Built for You
