

Fortify Your Data with Iron Bow Technologies

Awarded Vendor of WSIPC RFP 23-02 Enterprise Cybersecurity & Risk Assessment Solutions

As schools increasingly rely on technology for teaching, administrative tasks, and data management, the need for a comprehensive cybersecurity solution against sophisticated cyberthreats has become more urgent than ever.

Recognizing the severity of this challenge, Iron Bow Technologies proudly announces its recognition as an awarded vendor under WSIPC RFP 23-02 for Enterprise Cybersecurity & Risk Assessment Solutions.

Partnering with its subsidiary, GuardSight Inc., a cybersecurity operations and managed detection and response company, Iron Bow brings to the table a powerful suite of solutions and services designed to address the unique security concerns of schools and educational organizations.

Key Offerings

Cybersecurity as a Service

Incident Response

Efficiently address cybersecurity incidents through digital forensics and a comprehensive assessment of scope and impact.

Tabletop Exercise

Proactively assess diverse risk scenarios to fortify defenses against potential cyber threats.

Penetration Assessment

Utilize diverse techniques to comprehensively assess cybersecurity posture, identifying vulnerabilities and weaknesses.

Vulnerability Scanning

Proactive and systematic identification and resolution of potential security weaknesses.

Comprehensive Solutions

Detection and Response

GuardSight Inc. provides managed detection and response services for real-time threat identification and mitigation.

Consulting Services

Expert guidance to help organizations navigate the evolving cybersecurity landscape.

Operations and Compliance

Iron Bow and GuardSight collaborate to ensure operational efficiency and compliance with industry standards.

Technical Expertise and Global Reach

Global reach and strategic partnerships with industry leaders empower clients to implement cutting-edge technology for mission-critical objectives.

Iron Bow's team combines technical expertise and domain knowledge to deliver tailored solutions.

About GuardSight Inc.

Since 2009, GuardSight has provided Cybersecurity as-a-Service to organizations large and small with a full suite of cybersecurity operations, vulnerability and penetration assessments and response services. Our cyberwarriors bring world-class expertise and services to improve your cybersecurity posture and reduce risk.
