GET A BETTER HANDLE ON ATTENDANCE ISSUES

The correlation between attendance, dropout rates, and student achievement has been well documented. We've made it a point to give you an easy, at-a-glance look at absence/tardy information for your whole district, individual schools, teachers, and course sections. By reviewing trends and being proactive about taking action, you can expect to see measurable results right away.

MOBILE READY ATTENDANCE

Whether teachers are in the classroom or on-the-go, they can easily take attendance while starting class no matter the location.

KEEP PARENTS IN THE LOOP

Grades aren't the only thing that matters when it comes to parent involvement. By providing your families with visibility into period attendance and tardies, you'll be enlisting an invaluable ally in the quest for student success. Parents can subscribe to their attendance notification options, which are pushed through the Family Access portal, email, and the message center.
