### A TEACHER-FRIENDLY ENVIRONMENT

Classroom technology is only as good as your teachers' confidence level in using it. Teacher Access makes it easy to manage daily activities by bringing gradebooks, attendance, and extracurricular activities into one convenient place. Your teachers will never have to sort through mountains of files or disparate systems again, and they can access the system from anywhere with an internet connection.

### MOBILE READY GRADEBOOK

The added ability to access Teacher Access from any mobile device means location will never be an obstacle.

### GRADEBOOK COHESIVENESS

Gradebook fits the classroom grading needs, from traditional to standards. It offers a variety of tools such as student grouping features, assignment attempt feature, and the classroom management tool.
