

Absorb Amplify portfolio overview

Your comprehensive source for expertly made, always-current eLearning content. Natively integrated with Absorb LMS to boost learner engagement and offer a cost-effective alternative to content creation.

Why choose the **Absorb Amplify** portfolio?

The Absorb Amplify portfolio delivers everything you need to meet regulatory compliance needs, promote professional development, and build a safe workplace for everyone. In addition, you can enhance your learner experience by offering a range of delivery options, course types, and courses that incorporate engaging features, such as animation, multimedia, and inline activities.

The portfolio offers three content libraries, so you can choose the right training content to meet your organization's learning strategy. From 500+ expertly curated courses to over 20,000 in-depth skills-building courses to fuel your sophisticated learning program and everything in between. The Amplify content portfolio has what you need – across industries, regions, size, and business needs.

Key features of Absorb Amplify

Cost effective

Maximize your training budget with a content library to fit everyone's needs and designed to deliver the highest quality learning experiences without breaking the bank.

Always current

Stay ahead of the curve with content that's continuously updated, keeping you in sync with the latest trends and industry standards.

Integrated reporting

Gain insightful analytics and details reports, providing you with a complete overview of your learning journey for informed decision-making and enhanced outcomes.

Product enablement content team services

What makes us better than the competition?

Curate content

Identify relevant, high-quality content and curate it to align with the client's business goals.

Engage the audience

Work with dedicated members of the customer success team to optimize engagement and refine content.

Evaluate and select

Assess content for quality, credibility, and alignment with client's business goals.

Client education

Work with marketing and creative teams to host webinars and share industry knowledge.

Organize content

Maintain a structured library/repository and keep editorial calendars updated.

Ensure compliance

Verify sources, provide proper attribution, and follow copyright guidelines.

Publish curated content

Distribute content playlists on the content hub.

Update and refresh

Partner with publishers to update content regularly for accuracy and relevance.

Amplify testimonials

Amplify helped us create self-paced modules for customers and partners, cutting down weekly live training sessions and doubling staff engagement.

Kellee W., CsS Services

The Amplify content library is easy to navigate and full of valuable courses that make training a breeze.

LaToya P., Real Estate Company

Amplify's seamless integration and rich course catalog make it simple to add impactful content to our learner's curriculum.

Dan W., Hospital & Health Care Company

We chose Absorb for its price and features, especially Amplify content. It's been the perfect solution for our team.

Joe T., Aviation & Aerospace Company
