EASY FOR STUDENTS TO USE

Students will immediately be productive with access via their desktop and mobile app. They can access all the real-time information anytime and anywhere. Students can configure automated notifications to be sent to them along with push notifications to their mobile app.

DESIGNED FOR A FUTURE-READY SCHEDULING APPROACH

Online Course Requests can be used with Future Scheduling. With student-centric and personalized learning becoming the norm, it's important that you have the tools to keep up.

PROVIDE EASY ACCESS TO DISTRICT 3RD-PARTY PRODUCTS

The district can configure links to the 3rd-party learning products they are using right onto the dashboard of the student portal. This provides the student with one place to go for all their resources.
