Solution:
Networking, HPE GreenLake
for Networking

Industry:
Education

Country:
United States

Bringing clarity to the student experience

Founded in 1884, Annie Wright Schools serves students from age three through Grade 12 in Tacoma, Washington. The separate upper schools for boys and girls offer day and boarding options in Grades 9 through 12. Annie Wright is an International Baccalaureate World School, delivering IB programs in every division.

Objectives

- Enable digital applications to augment human-focused teaching
- Create a home-away-from-home experience for boarders
- Simplify network management for an in-house team of two

Requirements

- Create a wireless-first campus environment
- Keep up to date with the latest network technology
- Adopt network as a service

Solution

- HPE Aruba Networking Wi-Fi 6 and 6E wireless access points
- HPE Aruba Networking ClearPass Policy Manager
- HPE Aruba Networking Central
- HPE GreenLake for Networking

Outcomes

- Improves connectivity across four-division school campus
- Ensures predictable network costs
- Reduces burden on the in-house IT team
